

THE BIRD BOOK

Cover Page

The Book of the Voice of the Bird among the Flowers.

Title Page

We love the birds because God loves them.
And Christ said: "Even one of them is not forgotten."
He teaches them and we must listen to their story.

The Story of the Wings

This bird has wings
And he can fly with them
and soar above the trees.
This angel has wings
and he can fly with them
and go up to heaven.
This is little Nunu.
He does not need wings
but God gave him his mother
to carry him.
And you children do not need wings to fly to heaven
but you need our Master Jesus to lift you to heaven.

The Story of the Eagle and the Chicks

This eagle is hovering over the chicks.
He wants to snatch them (and grill them)
(and their mother), who fears for her chicks
because of him.

Satan is like the eagle,
but Jesus Christ wants to guard us from him.
So when Satan comes near you to fight you,
flee to Jesus and He will protect you from him.

David said in the Psalms,
"You are a shelter to me, you preserve me from trouble."

The Story of Food of the Birds

Do these birds search for anything?
They search for food and every day find something to eat,
for it is written in the Bible:
"Your heavenly Father feeds them"
And what is the food of children?
God, may He be praised, created rice, milk, eggs, fruit,
barley, bread, etc. to be food for us.
He created the hands of mothers
to prepare your food for you,
because you are considered better than the birds by your Lord,
And Christ taught us in the Lord's Prayer to say:
"Give us this day our (daily) bread."

The Story of the Nests

Do you see the nests in the tree?

How the nest is made?

One of the birds brings straw to make the nest

And another bird brings wool to cover the nest

And so they work.

Look at these children

how they prepare their ground

And the Bible says"

"In love serve one another."

The Story of Patience and Long Suffering

This bird plays
all day and
entertains himself.
But this mother bird lies in the nest night and day
On the eggs lest they spoil:
And love makes her forget her tiredness.
These are the eggs which she lies on.
And from them
the baby chicks come.
Patience is hard for you
when the particular lesson is lengthy for you.
Or when your mother is sick, or when your little brother
cries a lot, but love makes work light.
The Bible says:
"Love endures all things."
Ask love from God, and patience will come with it.

The Story About Joy

Why do birds sing (warble)?

Know that the cat settles down when you
stroke it gently.

But the children

And the birds

and the angels

sing when their hearts are happy.

And when the small children praise the Lord Jesus Christ,
their voices rise up before God with the voices of angels.

And the Bible says:

"Worship the Lord with joy, enter His presence with singing."

The Story of the Bird When It Wants To Sleep

When the bird wants to sleep he puts his head under his wings.

It is not afraid of cats,
neither of rats.

But the bird sleeps quietly and does not concern itself with
those two.

But there are children who are afraid at night.

So their mother lights a candle for them
even though there is nothing to make them afraid.

For God takes care of you at night just like He cares for the
birds - and even more.

And He promises us in the Bible and says: "He commands His
angels concerning you to keep you,"

and our Master Jesus Christ about whom the Bible says,
"Your protector does not slumber."
